

Before introducing ourselves, we want to thank you for choosing life for your precious baby. We truly believe that even considering this option is one of the most selfless and loving acts anyone could ever do. This difficult decision demonstrates the depth of love you have for your baby and an opportunity for them to experience the kind of life you desire for them. Please know how deeply humbled and appreciative we are that you would consider entrusting us to care for and to raise your baby in a loving, Christ-centered home. By doing so, you are giving us the opportunity to add to our family in a way that we are unable to.

“We” are Matthew and Andrea; high-school sweethearts that have been together for 13 years and married for 9 years. We both come from close, large families, so after completing college, we moved back home to be closer to family. We knew we were ready to start a family of our own and wanted our children to grow up around their grandparents, aunts, uncles, cousins, etc. However, as mentioned above, we found out after many years of trying that we were unable to have children biologically. This news was devastating as we both have always desired to have children. Through much prayer, and our heart’s desire to have children unwavering, we realized the Lord was directing us towards adoption, and we couldn’t be more excited to see His plan unfold.

So you have a better idea of who we are, we will start with Matt. If you could describe Matt in one sentence, it would be that he makes every day more fun! He is an engineer, but also a kid at heart with a love for all things that can be taken apart and put back together. He loves being outdoors and enjoys mountain biking, rock climbing, jet skiing, and scuba diving. He is always making people laugh, and you are sure to spot him in a crowd by listening for his loud, contagious laugh! There are no strangers when Matt’s around and there isn’t a soul that doesn’t enjoy his company. He has a servant’s heart, and loves to help and encourage those around him. His patient, positive attitude and character are evidence of the love he has for the Lord. He is great with people young and old, but especially with children! At family get-togethers, you will most likely find Matt wherever the niece/nephews are. Whether that be setting up race-car tracks, remote control cars, boats, and airplanes (sound affects and all) or making goofy faces to get a smile out of our niece. You name it, he’ll do it; and they love him for it!

Andrea is a talented, compassionate, hard working, animal lover. Her love for animals (particularly horses and dogs) can only be exceeded by the love she has for children, family, and friends. She has always dreamed of having a large family and has so much love to give. Her three year old nephew thinks she hung the moon and anticipates her visits with great excitement! She loves him as her own and can’t wait to have a child of her own to love and dote over. Her personality is empathetic, encouraging, and cheerful; she has an amazing ability to connect with people, young and old alike, making them feel loved, understood, and appreciated. Andrea is very witty, often resulting in an eruption of laughter as a result of her perfect comedic timing, and a tad bit ornery as she greatly enjoys trying to startle you when your attention is elsewhere. While being a huge animal lover, she has been able to limit our number of pets to one adorable miniature dachshund named Sadie.

We want you to know how committed we are to making sure this baby knows how much you love them. Our prayer and desire is to raise this child knowing where they came from and the depth of love and sacrifice it took by you to get them to the place they are today. Perfection isn’t our goal in raising this precious gift, as we know that isn’t possible, but our desire is to raise our future children in a safe, loving, and godly home. While we have a nursery ready for a sweet baby and so much love ready and waiting to give, we recognize this difficult decision is in your hands. Please know that even though we haven’t met you yet, we love you and are praying for you and for this precious life growing inside of you. We’ve always wanted to be parents; however, our bodies won’t allow that. Only through your choice, your priceless gift, will we have a chance to be parents. Our love and respect go to you for considering us because we know how hard this time is for you.

With our love,
