

Hi there!

As you begin to make your adoption plan our hope for you while reading this letter is to open your heart to us. The love you have for your child by choosing adoption will always be known to him or her. We have prayed about adopting for years and have decided to open this door and we hope you will walk in and meet us there. We are Jason & Irene.

We have been married for over 10 years. We struggled with having children for the first 6 years of our marriage. We were then blessed with twin girls named Ada and Lyla. They are four years old. They are excited to be big sisters and we want to expand our family through adoption. Jason is a doctor and Irene is a stay at home mom.

We are praying for you, for your baby and for this journey. We will continue to pay forward that love you created during this child's life. Thank you for choosing life for your child. Thank you for being selfless, loving and brave enough to choose adoption.

If your heart feels led to know us more we would love for you to take a look at our photo book. We enjoy our day to day routines, traveling, ballet recitals, gymnastics and just being outdoors enjoying the weather in the yard.

You will always be cherished, talked about and held with the greatest admiration and respect in our hearts. We will raise this child to know God, to love others and love you. Sending warm thoughts and prayers your way through this decision. Thank you for considering our family.

Sincerely,

JASON & Irene
